**Medical Electronic Attachment, Inc. Announces Agreement with PacificSource Health Plans for Electronic Attachment Processing**

Atlanta, GA, January 31, 2009: Medical Electronic Attachment, Inc. (MEA), *The Recognized Leader In Electronic Attachments*, announced today that they have signed an agreement with PacificSource Health Plans to provide electronic attachment services. This agreement will enable PacificSource providers to submit medical attachments electronically in support of their electronic claims for processing by PacificSource.

MEA's *FastAttach™* system enables healthcare offices the ability to transmit healthcare attachments – including vision, workers compensation, professional and institutional attachments, and other documents required to process claims – to MEA's repository, where payors will be able to view them. *FastAttach™* offers a secure and reliable method to submit all documents required to support a claim. *FastAttach™* is the most efficient paperless process for submitting attachments; it reduces postage costs, eliminates lost attachments and improves revenue cycles.

“MEA is pleased to add PacificSource to our growing list of Payor clients accepting electronic attachments,” said Chuck Fisk, of MEA. “We look forward to the opportunity to automate their attachment process and register their providers.”
