Medical Electronic Attachment, Inc. Adds Several New Payors to Begin Receiving Electronic Attachments via FastAttach™

Atlanta, GA, April 20, 2010: Medical Electronic Attachment, Inc. (MEA), *The Recognized Leader In Electronic Attachments*, announced today that the following new payors would begin to accept electronically transmitted attachments from medical providers via *FastAttach™*. These payors have joined MEA's growing list of medical electronic attachment payors. This will allow healthcare providers to send electronic attachments to MEA's repository for the following:

Anthem Blue Cross California
Anthem Blue Cross and Blue Shield Colorado
Anthem Blue Cross and Blue Shield Nevada
UniCare

“These Payors join a group of forward thinking Payors who realize that there is a savings to be made in receiving attachments electronically. By accepting attachments electronically more of the claims will be received electronically. “MEA is pleased to add these new payors to our growing list of Payor clients accepting electronic attachments”, said Tom Hughes, CEO and President of MEA. “We look forward to the opportunity to automate their attachment process and register their providers.”

MEA's *FastAttach™* system enables healthcare offices the ability to transmit healthcare attachments – including vision, workers compensation, professional and institutional attachments, and other documents required to process claims – to MEA's repository, where payors will be able to view them. *FastAttach™* offers a secure and reliable method to submit all documents required to support a claim. *FastAttach™* is the most efficient paperless process for submitting attachments; it reduces postage costs, eliminates lost attachments and improves revenue cycles.

About Medical Electronic Attachment, Inc.

MEA, *The Recognized Leader in Electronic Attachments*, offers systems designed to make insurance attachment submissions and processing as easy as possible for the Patient, the Provider and the Payor. After processing millions of electronic attachments, MEA's knowledge of the attachment industry is recognized by healthcare experts throughout the country. For more information on how to use the MEA *FastAttach™* system, visit the MEA Web site at www.mea-fast.com.
